

# SPEED TIMES

Issue 69 - July 2020

## THE OFFICIAL NEWSLETTER OF THE DLRA

### FROM THE CHAIR

I hope this newsletter finds all our members in good health and in a safe place.

This year has thrown us all many challenges that we never expected in our lifetime and yet amazingly we continue focus on that one week in March. With the lock down and social distancing, it is amazing to see so many people out in their garages working on their cars and bikes. Some completing projects that never got finished for this year, whilst other continue to modify what they were going to race.

We still have plenty of 2020 Speed Week t-shirts for sale. We did look at over-printing them for next year, but the costs associated with un-bagging, printing, and re-bagging made this not a real option. So, if you want to help the club out and recover the cost of these shirts, now is the time. At this stage we do not know if we will be offering a 2021 t-shirt. Please consider what you would have spent on your trip to Speed Week this year and use a little bit of that money on merchandise.

What would it be without us talking about dunnies. Something new for 2021, we are thinking of offering a private dunny service, much like they do at Bonneville, you would be able to book a portable toilet for your personal use that would be delivered to your pit or camp. To see if this idea has merit in following through, we would be very interested in getting an idea on numbers if we were to do this. If this sounds like something you would be willing to pay for please send me an email at [president@dlra.org.au](mailto:president@dlra.org.au)

With the easing of Covid 19 restrictions here in Victoria, it looks like we will be able to go back to running our General Meetings again, the next one being 16<sup>th</sup> August 2020. Look forward to seeing those that can make it there.

### DLRA RULE BOOK

There will be at least two changes to the book for 2021. The first is the inclusion for motorcyclists to be able to use the new FIA standard helmets. And for the cars, to be able to use a more readily available (here in Australia) 44mm OD welded roll cage tube that is very similar to the existing specification. If there is anyone contemplating a new cage, please contact us to get the new details.

### SPEED WEEK 2021

Dates for Speed Week 2021 are the 8<sup>th</sup> to 12<sup>th</sup> March 2021. Most entrants have chosen to roll over their entries for next year, which is fantastic, but you will still be required complete a 2021 entry form. These forms will be available in October from the office or online and will be included in the Spring newsletter.

At this stage it's impossible to know what rules and regulations we will be required to comply with, but I think you can take it for granted that there will still be some changes to all those non-racing things like separation between campsites and general cleanliness of things we all share or touch.

Dogga and Dion are locked in again, so you can look forward to some amazing meals and cold ice.

There will be some changes to the medical declaration for 2021, especially for competitors who run faster than the 175-mph threshold. These changes have been introduced to make racing safer for all those involved (competitors, officials, volunteers and spectators). There has been some concern that entrants may not be disclosing all the appropriate details on their medical declaration. We need you to understand that this information is required for your benefit, not to try and trip you up or exclude you from racing. There are many instances where you can have a medical condition and if it is known or under control you can still compete. In the event that you are involved in an incident, this is the information that the medical team rely on to ensure you get the best possible outcome.
